

THE YACHTMASTER OCEAN TRAINING PROGRAM

M.C.A. RECOGNIZED

What is a Yachtmaster Ocean Certificate?

The Yachtmaster Ocean Certificate is a qualification that indicates that the holder has sufficient knowledge of celestial navigation, based on air navigation tables, to globally navigate using a sextant. This course is forty hours of classwork and assessments followed by the submission of sights and proof of a 600 mile rhumb line offshore passage.

The candidate's submission will then be assessed by a Yachtmaster Ocean Examiner. Candidates who have demonstrated the required level of understanding and expertise in the course syllabus will be awarded the Yachtmaster Ocean Certificate.

The holding of the Yachtmaster Ocean Certificate is restricted to current holders of a valid Yachtmaster Offshore Certificate.

How do I apply for enrollment?

In order to apply for selection in the Yachtmaster's Certification courses, a detailed yachting resume must be sent to our Ft. Lauderdale office for evaluation. Class starting dates are available by contacting this office.

* Each Yachtmaster class numbers are limited so early application is advised. Candidates are required to submit a 50% deposit with their application. Your place in the class will be reserved upon receipt of funds on a first-come, first-serve basis. Course materials will be mailed to you upon request.
